## KIWISPORT FUNDING

During the 2018 school year, the KiwiSport funding received by Allandale School was used to fund various aspects of the school's physical education and sports programmes.

Last year Allandale students participated in a wide range of sporting activities, including rugby, soccer, athletics, netball, basketball, ki-o-rahi, cross country, touch, swimming sports, rippa rugby, and softball across all age levels. KiwiSport funding was used to supplement sports subs and ensure that every child who wanted to participate in organized sport was able to do so, regardless of financial circumstance.

In addition, KiwiSport funding was used to release teachers and teacher aides to coach, manage, and supervise organized sports during school hours. Parent help is not always available to fill these roles, and this funding allowed the school to ensure that lack of adult support was not a barrier to participation for our tamariki.

As a result of this generous funding, Allandale School students enjoy the benefits of regular healthy physical activity.

Please feel free to contact me if you require any further information.
